“A successful man has to start somewhere”

founded by
The Reverend George Floyd Rogers
Rector of Emmanuel Episcopal Church in Covington, Virginia

BOYS HOME OF VIRGINIA cares for and educates boys ages 6 - 18.

Our **PURPOSE** is to provide a caring and nurturing environment in which youth under our care can attain the mission and goals of BOYS HOME OF VIRGINIA.

The **MISSION** of BOYS HOME OF VIRGINIA is to help each student strive toward becoming a productive member of society by developing his spiritual, mental, physical and social potentials.

All successful men were once boys. But not all boys become successful men. Whether it's due to a lack of positive role models, quality living circumstances, or a welcoming school environment. We provide each so that boys can go on to be successful men. Men who will take care of their families. Men who will contribute their gifts. Men who will be role models for the next generation of men.

At Boys Home of Virginia, we show our boys that every day is a step toward that success.

A Message from the Executive Director

Dear Friends and Supporters,

I am delighted to present the Annual Report for Boys Home of Virginia for the 2021-2022 fiscal year. It is with immense gratitude that I reflect on the progress and impact we have made in the lives of young men under our care. Your unwavering support and dedication have been instrumental in shaping the lives of our boys, empowering them to build a brighter future.

Throughout the year, we have remained committed to our mission to help our students reach their full academic, spiritual, social, and physical potential. Our holistic approach focuses on developing their emotional intelligence, resilience, and leadership skills, ensuring they have the tools needed to succeed in life.

Academic Excellence:

In its fifth year, our independent school continues to thrive. Our students benefit from small class sizes, and an individualized approach that allows us to fill in gaps in their academic skills. In May we graduated four students who are prepared for the next chapter in their lives which includes college, trade school and full-time employment.

Character Development:

At Boys Home, we understand that character is the foundation for success and happiness. Our boys have engaged in various character-building activities, including community service projects, and leadership workshops. These experiences have played a crucial role in shaping their values, empathy, and respect for others.

Looking Ahead:

As we move forward, we are committed to expanding our reach and increasing the number of boys we can support. This will require even greater collaboration and investment from our community. We envision a future where every boy who comes through our doors can realize their potential and lead fulfilling lives.

In conclusion, I extend my heartfelt gratitude to each one of you who has contributed to Boys Home of Virginia's success. Together, we have brought positive change to the lives of countless boys, helping them become responsible, caring, and productive members of society.

Sincerely,

Chris Doyle

Contributions

*The geography of our campus – the Old Village which was nestled in the valley along Midland Trail, the Hill where we live today, and the sheltering mountains, Sugarloaf and Lick - is where we draw the names for our giving societies. The societies were established to recognize the individual donors who made gifts to Boys Home of Virginia during the given fund year - from **July 1, 2021 through June 30, 2022.***

“Grace Mission” was the first name given to Boys Home of Virginia. Special recognition is given to those whose generous support reflects dedication to the original mission of this ministry and totals \$10,000 or more:
