**30 YEARS AND COUNTING!**

Boys Home provides residential education for boys, ages 6 - 17. Our mission is to help each student strive toward becoming a responsible and productive member of society by developing his potential - spiritually, mentally, physically, and socially.

The main campus of Boys Home is located two and one-half miles west of Covington, Virginia, on Route 60.

The campus consists of 70 developed acres, along with 1,400 mountainous acres of woods, streams and cliffs where the boys can hunt, fish or swim.

The Boys Home Christmas Tree Farm complements our campus in offering the perfect setting for young men to learn personal responsibility and discipline in a Christian environment.

## TREE FARM HISTORY

### 30 YEARS AND COUNTING!

Joanne Tannehill, in her bequest, left her Augusta County Christmas Tree Farm to Boys Home as a teaching and learning experience for the students. Our students have been actively participating in all aspects of the operation since 1994.

In the spring, the boys place young seedlings in planting beds and relocate mature transplants to the tree fields. In the summer and fall, they shear trees and groom fields. During the winter, they assist with the "choose & cut" sales at the farm.

Be sure to take a walking tour of the tree fields and observe the progress we have made in the variety, quality, and quantity of trees we have planted.

With the continuing support of our many friends and supporters, we look forward to another successful Christmas season.
